## General Comment

Please do not further limit my ability to trade options within my IRA account. Although I do not sell covered call's often, I do use this strategy to create income within my IRA. I understand the risks and benefits of trading options conservatively and consider the ability to do so an important tool at my disposal. It is just another opportunity for me in this low interest rate environment to create some income so necessary to retirees. I certainly do not feel abused or more vulnerable because

I currently have access to limited options strategies within my IRA. I feel benefited. Please do not take this benefit away and with it just one more avenue for me to be independent, responsible citizen.

Thank you.
